

With your *Emergency Medicine Practice* Group Subscription, each group member receives:

- **12 monthly evidence-based print issues with a chief-complaint focus:** Every issue starts with a patient complaint—just like daily practice. Clinicians are guided step-by-step in reaching the diagnosis—often the most challenging part of the job.
- **Evidence-based medicine approach:** The degree of acceptance and scientific validity of each recommendation is assessed based on strength of evidence.
- **Abundant clinical pathways, figures, and tables:** Readers can find reliable solutions quickly. The easy-to-read format delivers solid information appropriate for real-time situations.
- **Unlimited online access:** Members can search and access each monthly issue of *Emergency Medicine Practice* published since inception in June 1999—plus print and read each new issue of *Emergency Medicine Practice* before it even hits the mail. Members can even download the articles and pathways in the printer-friendly PDF format.
- **CME opportunities:** Members can earn up to 48 AMA PRA Category 1 Credits™ or 48 ACEP Category 1, AAFP Prescribed, or AOA Category 2B CME credits over the coming year—plus up to 4 CME credits per issue from any article published within the last three years! Simply take the CME tests online and print the certificates instantly upon passing.
- **Trauma CME:** Members can earn at least 8 trauma CME credits per year from online archives and new articles.
- **Quality, value, and convenience:** The monthly print issues, unlimited online access, and CME program are included with the subscription—there are no hidden charges. (*Online-only subscriptions are also available; see pricing on next page.*)
- **100% Money-Back Guarantee:** We believe in improving patient care. And we stand behind our promise 100%. If the clinicians in your group aren't convinced that *Emergency Medicine Practice* helps improve their quality of patient care, we'll refund the full amount of the remainder of your subscription term. No questions asked.
